

TRINITY FLUIDS, LLC

All Trinity Fluids, LLC brands are designed to promote positive results, if used properly. You can choose to not deviate from our instructions or you can experiment with it based on your level of experience and desired personal look and feel you desire.

Usage Instructions for **Tri-Loc** Autopsy Drying Compound:

- When using on Post Mortem cases sprinkle liberally, 2 to 3 pounds should be sufficient, to all internal exposed tissue in the cavity and cranium.
- Add 1 pound of **Tri-Loc** after using Trinity's **CF3 Low Exposure Cavity Fluid** to the viscera bag to absorb extra liquid.
- When done using **Tri-Loc** be sure to completely close the bag to prevent moisture from clumping and hardening the product.
